CALL FOR PAPERS

ISCA, together with the INTERSPEECH 2004 - ICSLP organizing committee, would like to encourage submission of papers for the upcoming conference. INTERSPEECH 2004 - ICSLP is the eighth biennial conference following the interdisciplinary tradition established by the first conference in Kobe Japan and continued through previous conferences which were held in Banff Canada, Yokohama Japan, Philadelphia USA, Sydney Australia, Beijing China, and Denver USA.

The theme of the INTERSPEECH 2004 - ICSLP is "The Role of Spoken Language for Global Communication in the New Milenium." With the participation of researchers, scientists, engineers, academics, and industrial developers, the INTERSPEECH 2004 - ICSLP will further the INTERSPEECH - ICSLP’s strong tradition of interdisciplinary study in science and technology of spoken language processing both by humans and by machines.

The conference will be held at the new International Convention Center Jeju on Jeju Island. Jeju is the largest and most developed island in Korea; yet, with its clean air, sparkling water, and exotic island culture, Jeju Island is rapidly becoming a favored holiday destination for world travelers.

All sessions at the Conference will be organized and conducted in a style that will be familiar to those who participated in previous INTERSPEECH - ICSLP conferences, with parallel oral and poster sessions. Topics of interest for submissions include but are not limited to:

- **Linguistics, Phonology and Phonetics**
- **Discourse and Dialogue**
- **Parasympathetic Informatie and Speech**
- **Nonlinguistic Information and Speech**
- **Speech Production**
- **Speech Features**
- **Speech Perception**
- **Physiology and Pathology of SL**
- **Acquisition, Development & Learning of SL**
- **Speech and Other Modalities**
- **Speech Signal Processing**
- **Speech Enhancement**
- **Speech Coding and Transmission**
- **SLT Generation and Synthesis**
- **SL Recognition**
- **Language Models, Robustness, Search, Adaptation, Large Vocabulary, and others**
- **SL Understanding**
- **Language/Dialect Identification**
- **Multi-lingual Speech Processing**
- **Multi-modal/Media Processing**
- **Speaker Characterization and Recognition**
- **SL Resources and Annotation**
- **Spoken/Multi-modal Dialogue Technology and Systems**
- **SL Information Extraction/Retrieval**
- **SL Translation**
- **SLT for the Aged and Disabled**
- **SLT for Education, Learning, and Rehabilitation**
- **New Applications of SLT and Systems**
- **Evaluation and Standardization of SLT and Systems**
- **Others (please specify)**

**PAPER SUBMISSION**

Prospective authors are invited to submit full papers of not more than four(4) pages. Papers will be accepted only by electronic submission through the conference web site. Prospective authors without web access should contact the Technical Program Chair well before the submission deadline.

Four-page, full paper submission due: April 15, 2004
Notification of paper acceptance: June 14, 2004
interspeech 2004 - ICSLP: Oct. 5-8, 2004

**PROPOSALS FOR TUTORIALS AND SPECIAL SESSIONS**

Tutorials will be held on Monday, October 4, 2004. Proposals for tutorials must include a title, an outline of the tutorial and its motivation, contact information for the presenter(s), and a short description of the material to be covered. Proposals for tutorials should be submitted to Chang Dong Yoo (cdyoo@ee.kaist.ac.kr) before December 15, 2003.

INTERSPEECH 2004 - ICSLP will include a number of special sessions. Proposals for special sessions must include a title, contact information for the session chair(s), and a list of authors who have been or will be contacted to present papers if the proposal is accepted. Proposals for special sessions should be submitted to Dae Hee Youn (dhyoun@yonsei.ac.kr) before December 15, 2003.
